

Week of December 28th

Hello, Families!

Welcome to **Learn Along Bingo**! We're happy to share PBS KIDS activities with you and to work with PBS member stations and community partners across the country to help support learning at home. With Learn Along Bingo, children can view, explore, and play as they learn alongside their PBS KIDS friends on the PBS KIDS 24/7 channel. We hope your family will use it to inspire learning each and every day.

It's Healthy Me Week!

In this packet, there are printable activities and everyday learning ideas for you and your child to choose from. As you complete each square, mark it off to celebrate the learning.

Learning Spotlight: Developing Healthy Habits

This week, we're learning how developing healthy habits is important because it helps us to take care of ourselves.

Show What You Know: Try a New Food Activity Activity

The last activity in this packet is a perfect way for children to practice healthy eating habits.

Tune in: Watch SID THE SCIENCE KID at 8am ET on Tuesday, December 29th on the PBS KIDS 24/7 channel
