BINGO

Learn at Home with PBS KIDS

**Week of
November 9th**

Hello, Families!

Welcome to "**Learn Along**" Bingo! We're happy to share PBS KIDS activities with you and to work with PBS member stations and community partners across the country to help support learning at home. With "Learn Along" Bingo, children can view, explore, and play as they learn alongside their PBS KIDS friends on the PBS KIDS 24/7 channel. We hope your family will use it to inspire learning each and every day.

It's Shapes Week!

In this packet, there are printable activities and everyday learning ideas for you and your child to choose from. As you complete each square, mark it off to celebrate the learning.

Learning Spotlight: "Shape Attributes"

This week, we're learning about how identifying shape attributes helps us to see how shapes are similar and different. What do you notice about different shapes? How many sides and corners does the shape have? Is the shape opened or closed? Does the shape have curves or is it just made up of straight lines?

Show What You Know: Shape Hunt Activity

The last activity in this packet is a perfect way for children to show what they've learned about shapes.

Tune in: Watch THE CAT IN THE HAT KNOWS A LOT ABOUT THAT on Tuesday, November 10th at 11am EDT on the PBS KIDS 24/7 channel.

Ready for more? Watch your favorite PBS KIDS shows on the 24/7 channel and live stream at pbskids.org/video/livetv or on your local PBS station.

Happy learning!
